

Changes to Metro Vancouver's Non Road Diesel Engine Emission Regulation Bylaw 1329

Engine Registration & Fees

- Increased registration fees for Tier 0 and Tier 1 engines starting 2024.
- New engine registration and labelling requirements for:
 - Tier 2 starting January 1, 2023
 - Tier 3 starting January 1, 2024
 - Tier 4 starting January 1, 2029
- New moderate-use operating period category starting January 1, 2024
 - 60% annual fees to operate 500 hours
- Options for Prohibited Tier 0 & Tier 1 engines to register starting in 2023
 - Pay 300% operating fee surcharge, or
 - Install an approved Emission Reduction Measure to achieve Tier 2 or better emissions.

Retirement Rebates

- Starting in 2026 the retirement rebate will be 80% of fees paid in the last 5 years (increased from 3 years).

Sensitive Receptor Requirements

- Effective immediately, Tier 0 and Tier 1 engines cannot be operated within 100 meters of sensitive receptors (i.e. schools, hospitals, daycares).

Emergency Generators

- New requirements for emergency engines to be operated, inspected, and maintained to prevent impacts on nearby building occupants.

Together we make our region strong

Attention Diesel Engine owner and operators: What do you need to do?

Continue to register, label, and purchase operating periods for your current **Tier 0** and **Tier 1** non-road diesel engines.

Prepare for future engine registration: Collect machine and engine details of your non-road diesel engine fleet. Use the following charts to determine engine tier and applicable registration fees.

Determine Engine tier

Updated Engine Registration Fee Rates (\$ per horsepower)

Annual Fee Rate	BYLAW 1329 FEE SCHEDULE								
	2021	2022	2023	2024	2025	2026	2027	2028	2029 & later
Tier 0 \$/HP	20.00	20.00	20.00	33.79	39.42	45.05	50.69	56.32	57.44
Tier 1 \$/HP	10.00	10.00	10.00	12.56	14.65	16.74	18.83	20.92	21.35
Tier 2 \$/HP	0.00	0.00	1.55	2.45	4.71	5.38	8.44	9.38	9.57
Tier 3 \$/HP	0.00	0.00	0.00	1.65	3.22	3.68	5.80	6.44	6.57
Tier 4 \$/HP	0.00	0.00	0.00	0.00	0.00	0.00	0.00	0.00	0.94

Shaded areas indicate that additional surcharges will apply for not previously registered engines. Installing an approved Emission Reduction Measure can reduce fees

Want to save on Registration Fees?

Consider options to reduce diesel particulate emissions and registration fees using approved emission reduction measures (i.e. exhaust retrofits).

Staying Informed To receive updates on the non-road diesel engine emission program and to be notified when Tier 2 engines can be registered, email us at nonroaddiesel@metrovancover.org
