

LICENCE T059

Pursuant to:

The Integrated Solid Waste and Resource Management Plan for Metro Vancouver and the *Greater Vancouver Sewerage and Drainage District Municipal Solid Waste and Recyclable Material Regulatory Bylaw No. 181, 1996, as amended* ("the Bylaw") and the *BC Environmental Management Act, S.B.C. 2003, c.53.*

Issued to:

1046299 B.C. Ltd.

doing business as Hub City Recycling

(the "Licensee")

To Authorize:

the operation of a Material Recovery Facility

Located at:

12011 Mitchell Road, Richmond, BC V6V 1T5

(the "Facility")

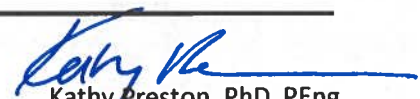

Effective Period:

The terms and conditions set out in the Licence apply to the existing or planned Facility as of

May 01, 2026

All previous versions of this Solid Waste Licence are hereby rescinded and rendered null and void.

Issued: March 18, 2026
Amended: May 01, 2026

Kathy Preston, PhD, PEng
Solid Waste Manager

GREATER VANCOUVER SEWERAGE & DRAINAGE DISTRICT SOLID WASTE LICENCE

1. GENERAL

If any portion of this Licence is deemed *ultra vires*, illegal, invalid or unenforceable in any way in whole or in part by any court of competent jurisdiction, such decision shall not invalidate or void the remainder of this Licence, the parts so held to be *ultra vires*, illegal, invalid or unenforceable shall be deemed to have been stricken therefrom with the same force and effect as if such parts had never been included in this Licence or revised and reduced in scope so as to be valid and enforceable.

This Licence does not in any way excuse the Licensee from complying with all applicable enactments and laws (including zoning, fire and other municipal bylaws).

2. DEFINITIONS AND INTERPRETATION

In this Licence terms defined in the Bylaw shall have the same meaning for the purpose of this Licence unless otherwise defined in this Licence and,

"Clean Wood" means Municipal Solid Waste that comprises solid wood, lumber or pallets:

- a) That does not contain any glues or resin;
- b) That is unpainted, unstained and untreated; and
- c) That may or may not be pierced with nails or other metal fasteners.

"Construction Waste" means Municipal Solid Waste, acceptable to the Solid Waste Manager, resulting from or produced by the construction of buildings, parking lots, bridges, roads, sidewalks, pipes or other man-made structures.

"Demolition Waste" means Municipal Solid Waste, acceptable to the Solid Waste Manager, resulting from or produced by the complete or partial destruction or tearing down of buildings, parking lots, bridges, roads, sidewalks, pipes or other man-made structures. Demolition waste includes fixtures but does not include other waste or materials that are contained within the structure that is demolished.

"Environmental Management Act" means the *Environmental Management Act, S.B.C. 2003, c. 53* as such Act exists or may be amended from time to time.

"GVS&DD" means Greater Vancouver Sewerage and Drainage District.

"Gypsum Waste" means waste gypsum board from any source, including manufacturing, demolition, and construction.

Issued: March 18, 2026
Amended: May 01, 2026

Licence T059

Kathy Preston, PhD, PEng
Solid Waste Manager

GREATER VANCOUVER SEWERAGE & DRAINAGE DISTRICT SOLID WASTE LICENCE

"Hazardous Waste" shall have the same meaning as defined by the *Hazardous Waste Regulation, B.C. Reg. 63/88*.

"Municipal Solid Waste" shall have the same meaning set out in section 23 of the *Environmental Management Act*.

"Recyclable Material" shall have the same meaning as defined in the Bylaw.

"Residual Waste" means solid waste remaining after reduction, reuse, recycling, recovery, or other activities conducted at a Facility, for which disposal is required.

3. FACILITY

3.1. Location of Authorized Facility

The operation of the Facility to which this Licence applies is restricted to the land legally described as Parcel Identifier: 031-055-087, LOT A, PLAN EPP98906, DISTRICT LOT 527 & 8190, GROUP 1, NEW WESTMINSTER LAND DISTRICT.

3.2. Access

The Licensee must provide locking gates on all entrances to prevent unauthorized access and ensure that they are locked at all times the Facility is unattended. Access routes to and through the Facility must be constructed from suitable material satisfactory to the Solid Waste Manager and capable of providing all weather access for all emergency vehicles.

The Licensee is required to:

- a) Install and maintain fencing that separates the Facility from the provincial crown lot identified as District Lot 2762, located north-west of the Authorized Facility.
- b) Install and maintain fencing that separates the Facility from the municipal sidewalks on the south and from the Right-of-Way portion of Mitchell Road on the west.
- c) Install and maintain fencing, trees and shrubbery that separates the Facility from the Riverbanks along Fraser River on the north side.

3.3. Signage

The Licensee must ensure that at all times the Facility has a sign posted at the entrance clearly identifying the name and address of the Facility, owner and operator, contact phone number, emergency phone number, hours of operation and information on authorized and unauthorized materials. This sign must be of a size and have print that is easily readable from the Facility entrance.

Issued: March 18, 2026
Amended: May 01, 2026

Licence T059

Kathy Preston, PhD, PEng
Solid Waste Manager

GREATER VANCOUVER SEWERAGE & DRAINAGE DISTRICT SOLID WASTE LICENCE

Additional signs that clearly indicate the direction to the active receiving areas, tipping area, recycling and waste separation areas, etc. may be required by the Solid Waste Manager.

3.4. Communications

The Licensee must ensure that at all times the Facility has telephone or other communication equipment to immediately summon fire, police or emergency services personnel in the event of an emergency.

3.5. Facility Works

The works pertaining to this Licence include, but are not limited to:

- a) a weigh scale
- b) two oil water separators
- c) a wheel wash
- d) processing building

The Licensee must ensure that all Facility works are maintained in good working order at all times. The Solid Waste Manager may require the Licensee to repair, alter, remove, improve or add to works or construct new works.

4. OPERATING REQUIREMENTS

4.1. Authorized Material

The Licensee is authorized to receive the following types of Municipal Solid Waste and Recyclable Material at the Facility:

- a) Construction Waste
- b) Demolition Waste
- c) Gypsum Waste
- d) other materials specifically authorized in writing by the Solid Waste Manager and such authorization shall be deemed to form part of this Licence.

Issued: March 18, 2026

Amended: May 01, 2026

Licence T059

Kathy Preston, PhD, PEng
Solid Waste Manager

GREATER VANCOUVER SEWERAGE & DRAINAGE DISTRICT SOLID WASTE LICENCE

4.2. Unauthorized Material

The Licensee is not authorized to receive any other waste not authorized in Section 4.1 of this Licence.

Unauthorized Material entering the Facility or observed upon receipt at the Facility must be refused and removed by the hauler. Unauthorized Material discovered at a later time, must be segregated from other waste material and removed within 48 hours of its discovery, unless a separate legislative regime applies with respect to removal, such as that applicable to Hazardous Waste.

4.3. Materials Banned for Disposal

The following materials are banned from disposal and must be recovered for recycling:

- Antifreeze and Antifreeze Containers
- Clean Wood
- Corrugated Cardboard
- Electronics and Electrical Products
- Expanded Polystyrene Packaging
- Food Waste
- Gasoline
- Oil, Oil Filters, and Oil Containers
- Paint and Paint Containers
- Pesticides
- Pharmaceutical products and medications
- Recyclable Paper
- Solvents and Flammable Liquids
- Tires
- Yard Trimmings

4.4. Quantities

The Quantity limits outlined in this Licence apply regardless of the state, condition, or form of the Municipal Solid Waste and Recyclable Material.

The Quantities of Authorized Material that may be accepted at the Facility must not exceed:

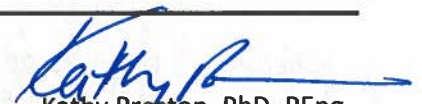

- | | | |
|----|---|--|
| a) | Municipal Solid Waste and Recyclable Material | 350 metric tonnes or 1,023 cubic metres per day |
| b) | Municipal Solid Waste and Recyclable Material | 200 metric tonnes or 580 cubic metres per day averaged annually |

The Quantities of Authorized Material that may be at the Facility at any given time must not exceed:

- | | | |
|----|-----------------------------------|--|
| a) | Construction and Demolition Waste | 300 metric tonnes or 813 cubic metres |
| b) | Gypsum Waste | 50 metric tonnes or 210 cubic metres |

Issued: March 18, 2026
Amended: May 01, 2026

Licence T059

Kathy Preston, PhD, PEng
Solid Waste Manager

GREATER VANCOUVER SEWERAGE & DRAINAGE DISTRICT SOLID WASTE LICENCE

The Solid Waste Manager may require the Licensee to retain a British Columbia Land Surveyor, or other qualified professional satisfactory to the Solid Waste Manager, to carry out a survey of the Quantity of Municipal Solid Waste and Recyclable Material at the Facility, and submit the results of the survey to the Solid Waste Manager. If the survey results indicate the Quantity of Municipal Solid Waste or Recyclable Material at the Facility exceeds the authorized volume in cubic metres, the Licensee must refrain from accepting the specified Municipal Solid Waste or Recyclable Material until such time as the Quantity is less than the authorized volume in cubic metres.

4.5. Weigh Scale

The Licensee must install, operate and maintain a weigh scale that records in 10 kg increments and is approved by Consumer and Corporate Affairs – Weights and Measures Section, prior to the commencement of operation of the Facility. All loads of Municipal Solid Waste and Recyclable Material received at the Facility and all loads of Recyclable Material and Residual Waste removed from the Facility must be weighed and recorded.

4.6. Supervision and Load Inspection

An attendant employed by the Licensee must be present at all times that the Facility is open for business or accepting material and must inspect every load entering the Facility before and after unloading to ensure it complies with the requirements of this Licence before mixing with any other loads. A record must be maintained of rejected loads including date, time, type of material, hauler's name, and vehicle licence number.

Each load of Municipal Solid Waste and Recyclable Material must undergo inspection by Facility staff upon arrival, both visually, and via high-resolution cameras. Loads containing unauthorized material must be rejected.

4.7. Material Handling and Storage

All material handling and storage must occur inside the processing building.

All incoming Municipal Solid Waste and Recyclable Material must be recorded indicating the weight and type received at the Facility. Once recorded, the accepted loads must be directed to the designated areas inside the processing building for further management. Sorting can occur manually or mechanically.

Construction and Demolition Waste must be processed to separate the scrap metal, wood waste and residual plastics. These materials must be stored inside the processing building until ready for further handling. Separated wood can be shredded on site inside the processing building. After shredding, the

Licence T059

Kathy Preston, PhD, PEng
Solid Waste Manager

GREATER VANCOUVER SEWERAGE & DRAINAGE DISTRICT SOLID WASTE LICENCE

shredded wood waste can be stored in bins inside the processing building or loaded into end-dump trailers or dump trucks for transport off site.

Scrap metal must be stored in bins inside the processing building. Examples of scrap metal include nails, brackets and fasteners mixed-in or attached to the incoming wood waste. Scrap metal must be transported off site for recycling.

Gypsum waste must be managed in accordance with the Gypsum Waste Handling Procedures outlined in the Facility's Operating Plan, approved by the Solid Waste Manager. The Licensee must ensure that all Gypsum Waste is handled and stored in an enclosed area which provides complete protection from precipitation and ground moisture. Gypsum Waste must be stored in designated areas inside the processing building and transported off site for further processing.

Residual plastic waste separated from Municipal Solid Waste and Recyclable Material must be stored in bins inside the processing building until it is transported off site for disposal.

All outbound vehicles must be weighed and the weight recorded prior to exiting the Facility.

4.8. Shredding Equipment

The Edge Slayer XL shredder must be used for shredding. The Solid Waste Manager must approve any change in shredding equipment before it is placed into service.

4.9. Wheel Wash

All hauling vehicles must pass through the wheel wash before entering the Facility and prior to exiting the Facility.

4.10. Drainage

The Licensee must take measures to prevent precipitation contacting Municipal Solid Waste and Recyclable Material at the Facility and prevent uncontrolled run off.

The Licensee must ensure that storm water runoff from the Facility is diverted through the storm water control works before it infiltrates into the ground. The storm water control system shall consist of two oil water separators located in catch basins on the north side of the Facility, into which all storm water will be directed. All control works must be always maintained in good working order.

This Licence does not authorize the discharge of liquid waste from the Facility to the sanitary sewer, storm sewer or the environment.

Issued: March 18, 2026
Amended: May 01, 2026

Licence T059

Kathy Preston, PhD, PEng
Solid Waste Manager

GREATER VANCOUVER SEWERAGE & DRAINAGE DISTRICT SOLID WASTE LICENCE

4.11. Hours of Operation

Subject to municipal bylaws, zoning requirements, or the notification provided for below, the Facility must only operate or allow access to vehicles transporting Municipal Solid Waste or Recyclable Material to the Facility as follows:

Operating Hours:

Monday to Saturday 7:00 AM to 7:00 PM

Receiving Hours:

Monday to Saturday 7:00 AM to 7:00 PM

The Licensee must notify the Solid Waste Manager in writing during regular business hours at least 24 hours in advance of operating outside of these specified times (Email: ERenotifications@metrovancouver.org). Notices received outside of regular business hours will be deemed to have arrived at the beginning of the next business day. This notice must include the specific date and times that the activity will occur outside of these hours. The Licensee must also notify the municipality in which the Facility is located of any changes to these specified times.

4.12. Monitoring and Assessments

The Licensee may be required by the Solid Waste Manager to undertake or provide the following monitoring or assessments, including, but not limited to:

- a) an environmental impact assessment,
- b) a survey of waste Quantities,
- c) groundwater, surface water, run-off, or leachate monitoring, and
- d) any other investigations, tests, or other actions in accordance with methods and procedures approved by the Solid Waste Manager.

Any assessments, investigations, tests, surveys and other actions may be required by the Solid Waste Manager to be undertaken by an independent third party acceptable to the Solid Waste Manager.

4.13. Area Maintenance, Vector and Nuisance Controls

The Licensee must maintain public and private roadways within **100 metres** of the Facility free from litter, mud or debris which may be directly attributed to the Facility, its customers, or its suppliers.

The Licensee must control litter by way of litter control fences or barriers, litter pickup, or any other measures deemed necessary by the Solid Waste Manager.

Issued: March 18, 2026

Amended: May 01, 2026

Licence T059

Kathy Preston, PhD, PEng
Solid Waste Manager

GREATER VANCOUVER SEWERAGE & DRAINAGE DISTRICT SOLID WASTE LICENCE

Vectors must be controlled by way of best operating practices, pest controls or any other measures deemed necessary by the Solid Waste Manager.

The Licensee must prevent nuisance occurrences by way of best operating practices, control works or any other measure deemed necessary by the Solid Waste Manager.

This Licence does not authorize the discharge of air contaminants, including dust and odorous substances, from the Facility.

4.14. Contingency Plan

The Licensee must comply with the terms and conditions of this Licence at all times.

If the Quantity of Municipal Solid Waste and Recyclable Material is approaching the maximum Quantity authorized by this Licence at the Facility at any given time, the Licensee must take actions to avoid exceeding the Quantity limit. Those actions may include but are not limited to:

- a) Restricting the Quantity of Municipal Solid Waste and Recyclable Material received from certain customers.
- b) Removing Municipal Solid Waste and Recyclable Material from the Facility and delivering it to another authorized facility.

If the actions taken are insufficient and the Quantity of Municipal Solid Waste and Recyclable Material reaches the maximum allowed at the Facility at any given time, the Licensee must immediately cease receiving additional Municipal Solid Waste and Recyclable Material until such time as the Facility is in compliance with the Quantity limit specified in Section 4.4. Before the Facility resumes accepting Municipal Solid Waste and Recyclable Material, the Facility must remove enough waste so that there is an appropriate buffer to allow continued operation within the authorized Quantities.

4.15. Burning Prohibited

Burning of any material at the Facility is prohibited.

4.16. Fire Protection

The Licensee must provide and maintain an adequate water supply or equivalent on site for extinguishing any fires, should they occur.

Issued: March 18, 2026
Amended: May 01, 2026

Licence T059

Kathy Preston, PhD, PEng
Solid Waste Manager

GREATER VANCOUVER SEWERAGE & DRAINAGE DISTRICT SOLID WASTE LICENCE

In the event of a fire the Licensee must:

- a) immediately notify the local fire department
- b) immediately notify the Solid Waste Manager:
 - telephone: 604-436-6777 (7:30 AM – 11:30 PM) or 604-643-8488 (11:30 PM – 7:30 AM)
 - email: ERENotifications@metrovancover.org
- c) take all measures necessary to extinguish the fire.

This Licence does not in any way excuse the Licensee from complying with all applicable enactments and laws, including the BC Fire Code.

4.17. Emergency Conditions

In the event of an emergency or condition beyond the control of the Licensee which prevents the effective operation of the Facility or works the Licensee must:

- (1) immediately notify the Solid Waste Manager:
 - telephone: 604-436-6777 (7:30 AM – 11:30 PM) or 604-643-8488 (11:30 PM – 7:30 AM)
 - email: ERENotifications@metrovancover.org
- (2) take all necessary action to resolve the emergency or condition to return the Facility to effective operation.

Notwithstanding 1 and 2 above, the Solid Waste Manager may specify contingency actions to be implemented while the works and/or standard operating procedures are being restored.

4.18. Closure Plan

The Licensee must implement the most recent Closure Plan approved by the Solid Waste Manager. This must include but may not be limited to notifying the Solid Waste Manager of plans and dates regarding the closure of the Facility. This notification is to occur at least **30 days prior** to the closure of the Facility. The Licensee must provide all haulers **30 days** notice to find alternative Municipal Solid Waste and Recyclable Material facilities, prior to closure of the Facility. In the event of permanent closure, all equipment must be dismantled and removed from the Facility, materials ready for market must be shipped off site, and any Municipal Solid Waste must be transported to an authorized facility.

Issued: March 18, 2026
Amended: May 01, 2026

Licence T059

Kathy Preston, PhD, PEng
Solid Waste Manager

5. FACILITY INSPECTIONS

The Licensee must conduct regular inspections of the Facility. These inspections are to include building, machinery, Facility Works, equipment, site drainage, security features, nuisance control works, vector abatement systems and litter controls. The Licensee must ensure all are maintained in good working condition. The results of the inspections are to be recorded. Any defective conditions must be corrected or repaired promptly. In addition, routine maintenance on machinery and equipment must be conducted as specified by the manufacturers and recorded. Inspection reports and routine maintenance records must be retained for a minimum of **three (3) years** and made available for examination if required by the Solid Waste Manager or an Officer.

6. REPORTING

6.1. Monthly Reporting of Quantities

The Licensee must submit monthly records in accordance with the Bylaw.

The reports must be submitted electronically using the supplied password-enabled web based application.

6.2. Record Keeping

The Licensee must retain, for the **previous three (3) years** of operation, the following at 12011 Mitchell Road, Richmond and must produce the same for examination if required by the Solid Waste Manager or an Officer:

- a) a copy of this Licence;
- b) copies in electronic or hard-copy form of all invoices, bills statements, weigh-scale records and other evidence relating to the Quantity and type of Municipal Solid Waste or Recyclable Material that is:
 - i. received at the Facility;
 - ii. removed from the Facility and delivered to:
 - a Disposal Facility that is licensed under the Bylaw,
 - a Regional Facility,
 - a recycling broker or other facility acceptable to the Solid Waste Manager that manages Recyclable Material, or
 - any other type of facility, person or location;

Issued: March 18, 2026
Amended: May 01, 2026

Licence T059

Kathy Preston, PhD, PEng
Solid Waste Manager

GREATER VANCOUVER SEWERAGE & DRAINAGE DISTRICT SOLID WASTE LICENCE

- c) records of inspections of the Facility, building, machinery, equipment, site drainage, security features, nuisance control works, vector abatement systems and litter controls;
- d) records of rejected loads including date, time, type of material, hauler's name, and vehicle licence number for the previous year of operation; and
- e) any other records required by the Solid Waste Manager.

7. TERMS

7.1. Notification of Change of Ownership or Control of the Licence

The Licensee must notify the Solid Waste Manager of a change in the ownership, or control of the Facility, or any change in control of the Licensee. This notification must be provided **at least one month prior** to the change. A transfer or assignment of a Licence is without effect without the prior written approval of the Solid Waste Manager.

7.2. Notice

Any notice required to be delivered to the Licensee under this Licence shall be delivered or deemed to have been delivered if such notice is:

- a) mailed by registered mail to the registered or records office of the Licensee or to the address the Licensee is authorized to operate,
- b) delivered to the registered or records office of the Licensee,
- c) delivered to an adult individual at the Facility who appears to be an employee of the Licensee or appears to be in control of the Facility,
- d) delivered to a director, officer, liquidator, trustee in bankruptcy or receiver manager of the Licensee, or
- e) posted on the door or gate of the Facility, where no one is present at the Facility or the Facility appears to be abandoned.

7.3. Suspension and Cancellation

This Licence may be suspended or cancelled in accordance with the Bylaw.

8. SECURITY AND PERFORMANCE

As a condition of this Licence, the Licensee must provide and maintain security as described in this Section 8. The security must remain in place until the Licensee has completed the Facility closure to the satisfaction of the Solid Waste Manager.

Issued: March 18, 2026
Amended: May 01, 2026

Licence T059

Kathy Preston, PhD, PEng
Solid Waste Manager

GREATER VANCOUVER SEWERAGE & DRAINAGE DISTRICT SOLID WASTE LICENCE

8.1. Purpose of Security

The purpose of the security is as follows:

- a) to indemnify the GVS&DD for any expenses arising out of default by the Licensee under this Licence,
- b) to remove, process, treat, or utilize Municipal Solid Waste or Recyclable Material at the Facility,
- c) to control or stop the escape of leachate or contaminated run-off from the Facility,
- d) to remediate the site following a fire at the Facility,
- e) to cover expenses, including legal expenses, incurred by the GVS&DD in
 - i. carrying out the activities described in this section 8, and
 - ii. enforcing or complying with any laws or enactments of the GVS&DD as they relate to the administration of this Licence,
- f) to pay outstanding fees required under the Bylaw,
- g) to complete Facility closure, and
- h) to conduct remedial work that may be necessary to rectify a continuing default by the Licensee under this Licence.

To the extent that remedial work is required, the Licensee agrees to permit and grant access to the GVS&DD, its employees, agents and contractors, on and to the site of the Facility to carry out such remedial work as may be necessary.

8.2. Nature of Security

The security shall be in the amount of **\$36,000.00** or adjusted pursuant to Section 8.3, and must be provided and maintained as follows:

- a) The first \$5,000 must be provided in the form of cash or an irrevocable Letter of Credit provided by a Canadian Chartered Bank. The Letter of Credit shall be irrevocable and may be drawn upon by written demand of the Solid Waste Manager. The Letter of Credit shall be issued in favour of the Greater Vancouver Sewerage and Drainage District and must be in a form satisfactory to the Solid Waste Manager.
- b) The balance of the security shall be provided and maintained in any of the following forms:
 - i. cash,
 - ii. an increase in the value of any Letter of Credit provided under subsection (a) to the full amount of the security,
 - iii. a trust fund,
 - iv. a surety bond, or
 - v. any other form satisfactory to the Solid Waste Manager.

Issued: March 18, 2026
Amended: May 01, 2026

Licence T059

Kathy Preston, PhD, PEng
Solid Waste Manager

GREATER VANCOUVER SEWERAGE & DRAINAGE DISTRICT SOLID WASTE LICENCE

The instrument referred to in ii., iii., and iv. must be provided in a form satisfactory to the Solid Waste Manager.

8.3. Review of Security

The amount of security required under this Licence may be reviewed and adjusted periodically at the sole discretion of the Solid Waste Manager at any time during the term of this Licence.

8.4. Conditions for Drawing on Security

If the Licensee defaults under or fails to comply with any provision of this Licence and does not cure the default or failure within the time specified by the Solid Waste Manager, in a written notice delivered to the Licensee informing the Licensee of such default or failure, the security may be drawn upon and used at the discretion of the Solid Waste Manager, acting reasonably, for the purposes set out in Section 8.1.

Nothing in this Licence obligates the GVS&DD to draw on any security provided under this Licence or undertake any action to cure any default or failure of the Licensee. The exercise by the GVS&DD of any power to cure any default or failure by the Licensee under this Licence does not create any obligation or liability on the GVS&DD to complete the curing of any default or failure or to complete the Facility closure.

If all or any portion of the security is drawn upon, the Solid Waste Manager may require the Licensee to replenish or adjust the security as outlined in Sections 8.2 and 8.3.

8.5. Conditions for Returning Security

The security, or any balance remaining after it may have been drawn upon in accordance with the terms of this Licence, will be returned to the Licensee upon the Licensee requesting in writing (email: regulationenforcement@metrovanancouver.org) the cancellation of the Licence and completing the Facility closure to the satisfaction of the Solid Waste Manager.
