Workshop objectives

- Provide participants with background on the Project and the place
- Identify how the place is currently used and valued
- Identify opportunities and constraints

Project Overview

Fred Nenninger, Director , Policy Planning & Analysis

Table discussion – Question 1 (15 minutes)

What do you love about this place?

- What do you value most about this place that you want to maintain, sustain or elevate?
- What meaning does this place have for you?

Table discussion – Question 2 (15 minutes)

What do you see as concerns, now or in the future?

- What would you like to see addressed now / in future?
- What would need to be true to overcome these concerns?

Table discussion – Question 3 (25 minutes)

What do you see as the potential of this place?

- What long-term benefit / value could this project bring?
- What big ideas or big changes could this project inspire?
- What opportunities do you see at the scale of:
the project? the community? the region?

Report back (10 minutes)

Q1: What do you love about this place?

Q2: What do you see as concerns,
now or in the future?

Q3: What do you see as the potential of
this place?

Thank you
