

Solid Waste and Recycling Industry Advisory Committee

Committee Member Existing or Potential Conflict Statement

Please complete the statement below, detailing all existing or potential conflicts of interest that the member and the organization they represent may have in regards to their relationship with Metro Vancouver. Note that any Industry Advisory Committee (IAC) member who does not have a conflict of interest must file a NIL statement to that effect.

A record will be compiled of all reported conflicts of interest or potential conflicts of interest, and such record will be not be confidential. The signed statements will be posted on the Metro Vancouver website.

Files can be submitted to solidwasteoperations@metrovancover.org

Statement of existing or potential conflicts of interest or NIL:

Product Care works with Metro at 3 different sites (North Vancouver, Central Surrey, and Coquitlam Transfer, for the collection of our stewarded products. This involves a monthly payment for tht collection services made to Metro.

Product Care also has an application submitted, pending approval for an air discharge permit for Product Cares paint processing facility in Delta. This will require an annual payment to Metro.
